Hunters Helping the Hungry

Hunters Helping the Hungry

Participating Meat Processor
Deer Donations Accepted Here

The Hunters Helping the Hungry program combines cash donations and donated deer to produce ground venison that is distributed to Nebraskans in need.

Participating processors accept only high-quality deer for processing and donation to the program. All processing costs are paid through cash donations. Charitable organizations across the state will distribute the venison to Nebraska families, soup kitchens and shelters.

This year, the Hunters Helping the Hungry program expects to process at least 260 deer.

Our goal for 2013 is to double the number of deer processed in 2012. Your contribution is tax deductible, and may make the difference in the lives of those in need.

Donate at **OutdoorNebraska.org** or send a check made out to Nebraska Game and Parks (with Hunters Helping the Hungry in the memo field). Mail it to:
