

September 6, 2017

Dear Guest,

Thank you for your patronage to Eugene T. Mahoney State Park. We are looking forward to the coming year and the opportunity to host you, your families and friends. You will see some new changes at the park when you arrive; construction has begun on the expansion of the Activity Center, renovations to some existing cabins to enlarge living space, new interpretive programs, and much more. We also wish to advise you of recent developments with the park food service. Our current dining room and catering provider, Treat America has opted to terminate our contract with them effective September 29, 2017. As a result our dining room food services will be adjusted starting September 30, 2017 until we are able to obtain a new food service provider. We intend to provide limited breakfast options during the transitional period, but will not be providing noon or evening service. We apologize for the inconvenience this may create during your park stay, and are providing a list of alternative food service opportunities in the local area for you to consider during this period of closure. We are also working with local catering providers to accommodate group dining needs. The selection process for a new food service provider is well underway and it is our desire to have that provider under contract in the near future. Please feel free to contact us with any questions or concerns you may have.
