

TWO-TIER PROGRAM

What is it?

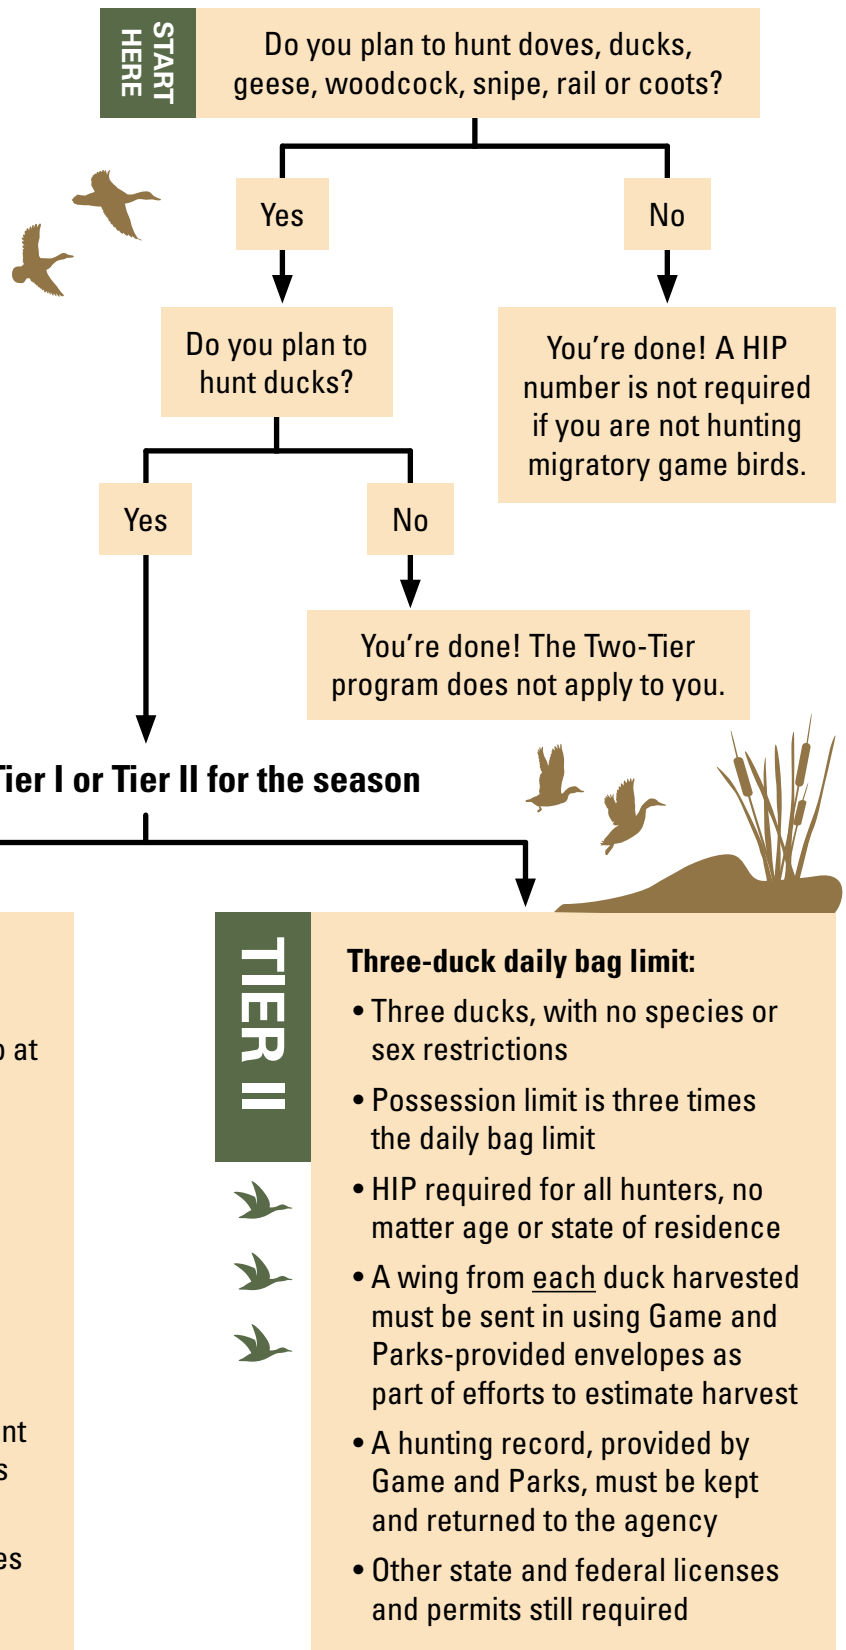

The Two-Tier program offers hunters a choice between two daily bag limits for the regular* duck hunting season.

Two-Tier is a pilot program for Nebraska and South Dakota, starting with the 2021-22 regular duck season.

Who is affected?

All duck hunters must choose a tier, or bag limit, when registering for a Harvest Information Program (HIP) number. They must stick with that tier for the entire season.

Use the flow chart to determine if the Two-Tier program applies to you.

**The regulations do not apply during the early teal season, which has its own bag limits.*
