

## **Frequently Asked Questions**

### **How will I know if my child wins?**

You will receive a phone call or email within a few days of the drawing close date. Our Permits staff will contact you at the phone number or email that you included on your entry form.

### **Will I be contacted even if my child isn't drawn? How will I know if their name wasn't drawn?**

If your child's name is not drawn, you will not be contacted. We only contact the winners drawn.

### **How will I pay for the half-price permit?**

If our Permits staff contacts you as a winner, they will provide the winner claim form and the date that payment is expected to be received (payment is usually expected to be received within two weeks after contact). We accept checks and credit cards for payment.

### **Will you post a list of winner names?**

We cannot by law, post a list of winner names since this is private information of a minor child. If you are chosen as a winner, you will be directly contacted within a week of the drawing ending date.

### **Can I enter more than once?**

You may enter your child once, but you may also have any other adult enter for your child as well (grandparents, aunts, uncles, friends, etc). You may also enter multiple children from your family.

### **Help – I entered the wrong email address/phone number/made a mistake on my entry form!**

Please re-enter your child with the correct information. NGPC staff cannot see your entry until the drawing closes (to ensure fairness, we cannot access your entry to edit it). If contacted as winner, our Permits staff will verify all information at that time.

### **I chose the Hunt Permit on the entry form, but I meant to choose the Hunt/Fish Permit – can you change it for me?**

Again, we cannot access your entry to edit it. However, if you are chosen as a winner you can choose whichever permit or stamp you would like to purchase once contacted. We mainly list the different permit/stamp options with prices, so you are aware of the cost.

### **I'm not sure if I completed everything on the entry form – can you check for me?**

If your entry was successful, you will receive a confirmation email stating we have received your entry. If you have not received a confirmation email, first check your spam folder. If no email from NGPC, please enter once again.

### **Is a Lifetime Permit/Stamp valid if my child moves out of state?**

Yes, their permit will always be valid even if they move. So, whether they return as a visitor or move back to Nebraska, their permit will always be valid.

### **Can I buy more than one permit at half price?**

Only one permit or stamp may be purchased at half price, but you may choose to add a Lifetime Habitat or Waterfowl stamp at full price to your Fur Harvest, Hunt or Hunt/Fish purchase.
