Dear Parent or Guardian:

The Nebraska Hunter and Bowhunter Education programs are designed to educate and inform students on topics such as ethics, wildlife conservation, hunter responsibility and safe firearms and bowhunting practices.

These programs are not exclusively for the young, however. Each year, many adults successfully complete Hunter and Bowhunter Education and find the courses to be beneficial and informative. If you should happen to plan a hunt in another state some day, it may be a requirement.

Your volunteer instructors and the Nebraska Game and Parks Commission invite you to attend this Hunter or Bowhunter Education class.

See You Out There
