

2024 Landowner Elk Application and Eligibility Rules

Applications must be received at NGPC by 5 p.m. on the final day of the application period

Landowner permits are available for all big game species. Landowner antelope and elk permits have a set quota. Landowner deer permits are not limited. Nebraska Revised Statute § 37-455 requires that residents have preference over nonresidents. NGPC meets those requirements with rules that favor residents with lower price permit fees, lower acreage requirements and differential preference points for landowner elk permits. Nonresident LO elk applicants earn lesser preference points (0.9) vs (1.0) for Residents. For more information regarding landowner requirements please refer to Nebraska Revised Statutes §37-455 and Title 163, Chapter 4, § 001 of the Nebraska Administrative Code or call your local NGPC District Wildlife office for more information.

RULES:

1. A qualifying land owner (Owner) is defined as (1) a Nebraska resident or non-resident who, in their individual capacity, owns Nebraska land in fee simple, provided that a recorded deed or contract for ownership is recorded in the county in which the land is located; (2) a Nebraska resident or non-resident who owns land through a trust or corporate entity such as a partnership, limited liability company, or corporation, so long as the corporate entity owns the minimum required acreage required by law to apply for a permit. Such entities may designate one qualifying landowner.
2. The immediate family of an owner may also qualify for Landowner permits (Nebraska Revised Statutes §37-455). Immediate family is defined as “the spouse of such person, any child or stepchild of such person or of the spouse of such person, any spouse of any such child or stepchild, any grandchild or stepgrandchild of such person or of the spouse of such person, any spouse of such grandchild or stepgrandchild, any sibling of such person sharing ownership in the property, and any spouse of any such sibling.”
3. If land is leased by a Nebraska resident, the Leaseholder and their immediate family may also qualify for Landowner permits. *Nonresident leaseholders do NOT qualify.*
4. LO applicants are NOT required to live in the same household as the landowner.
5. Qualifying farm and ranch land MUST be used for agricultural purposes such as crop or livestock production. Land used solely for recreation does NOT qualify. Hunting leases do not qualify.
6. The maximum number of applicants allowed for one farm/ranch is determined by size of the property in total acres, divided by the minimum acreage requirement. Example: Resident Elk LO - 640 acres owned / 320 acres = 2 LO applications allowed.
7. Persons may have no more than 1 LO permit per species per year.
8. Qualifying land listed in application MUST be in a Landowner Elk Zone
9. Owners or leaseholders applying for an elk permit are NOT required to live in a Landowner Elk Zone.
10. Persons who had a LO bull elk permit in the previous two years are NOT eligible to apply for a bull permit.
11. The \$10 application fee is due at the time of application. The permit will be paid for during the purchase period. Preference point only applications will pay for the point at the time of application.
12. Applicants will only be notified of drawing results by email. If you do not provide a valid email address it is your responsibility to check your drawing results in your permit profile on OutdoorNebraska.gov.
13. Landowner applications for elk permits must be submitted to the NGPC District Wildlife office which has authority for the elk management unit listed on the application form set out below:
