

Red Cedar Brushing Projects Update

Jehnsen Lebsock, Aaron Blank, Jake Werner, Matthew Perrion

Southeast District, Fisheries Division

Nebraska Game and Parks Commission

In January of 2023, NGPC district biologists were able to cut and place 29 Cedar trees in Red Cedar. Below is an overview of the projects including pictures from the project, map locations of the structures, and GIS coordinates where structures were placed. (Cedar tree coordinates are an approximate measure and serve as a general guide for tree locations as trees may move with the ice thaw)
