

Maskenthine Lake Brushing Projects Update

Jeff Schuckman, Phil Chvala, Rebecca Munter

Northeast District, Fisheries Division

Nebraska Game and Parks Commission

February 2025

Artificial Structures were added at Maskenthine Lake as part of an Aquatic Habitat Project. In addition to the artificial structures, the NRD placed tree piles this year (2025). Volunteers built a total of 100 artificial structures, with 50 placed in Maskenthine Lake in 2022. Below is an overview of the project, including the map locations of the structures. (Please note that the structure coordinates are approximate and serve as general guides, as the structure may shift.)
