

NEBRASKA WILD TURKEY BROOD SURVEY

Observer Name: _____

- Record only wild turkeys seen in **JULY and AUGUST**.
- Record all wild turkeys seen including hens, poults, males (jakes and gobblers), and turkeys that you couldn't classify.
- Record each observation on a single line and do not group multiple sightings together.
- Check the "Seen Before" box if you believe you have recorded the turkey(s) before. If you see the group regularly, recording them once or twice is fine. No need to record them daily.

Please return to Carlie Gizel (csaline@nwtf.net) by September 10th.

Obs. #	Date	County	# Hens	# Poults	# Males	# Unknown	Seen Before
Ex. 1	7/1/2018	Custer	1	5			
Ex. 2	7/1/2018	Sherman	2		3		
Ex. 3	7/5/2018	Custer	1	5			x
Ex. 4	7/10/2018	Buffalo	2			2
